

**The sale of 25% equity interest in eco-building and biomass activity has been concluded.**

**S. Polo D'Enza (RE), 4 February 2010** – Yesterday there was the closing of the sale of Kenaf Eco Fibers Italia SpA (K.E.F.I.), Bioenergy srl and Enervision srl to the family of the founding partner Giacomo Gallusi.

Greenvision ambiente sold 25% of its equity interest in the three companies. On the remaining 25%, which will drop to 19,90% through the effect of an increase in capital to be subscribed by the other shareholders, Greenvision has given a call option in the period between April 2010 and December 2011 and the new shareholders have given a put option to Greenvision ambiente during the period between June and December 2012.

It was also signed the contract for the sale to Kefi of the remaining 30% of Greenvision ambiente's shareholding in Euchora srl, a company selling products for green building; the transaction will be concluded by the end of March 2010.

The price for the 25% of the three companies Kefi, Bioenergy and Enervision, overall Euro 6 million, will be paid in two instalments, the first instalment of Euro 1 million by 31 March 2010 and the remaining by 20 December 2010, with pledge for the deferred payment.

This operation forms part of the strategic focusing plan of the Group's activities in the field of energy from renewable sources, in which Greenvision ambiente is active with the design and construction of photovoltaic plants and waste-to-energy plants.
